ACCOUNT of the work accomplished on the theme: "Regarding the search for American prisoners of war and missing in action" (status as of 1 May 92)

Reviewed documents from the following funds:

F. 9526 (Commissioner of the SM, USSR for Repatriation Affairs)

F. 9501 reviewed 25 cases page by page. No information was found.

F. 9526 reviewed inventory (1138 titles). Two cases uncovered: op. 4a, d. 7, ll. 135-129 (Report by the Commissioner regarding the number of repatriated foreign nationals, including Americans); op. 2s, d. 15 (Correspondence from the American Military Mission in Moscow on the matter of discovering former American prisoners of war who were liberated from fascist concentration camps by the Red Army. The case contains lists of American fliers who made forced landings on territory liberated by the Red Army, and lists of sick and wounded Americans in hospitals attached to front-line units. There are no other lists in the case).

A "Summary report from the MVD, USSR regarding the number of convicted foreign nationals" who are being held in confinement areas as of 2 March 1955 was found in the fund of the USSR Supreme Soviet (op. 107 of 732 cases). Research is completed.

GULAG NKVD-MVD, USSR (op. 1 of 1389 cases) - partially researched "Statistical information regarding the number of especially dangerous prisoners, including foreigners, kept in camps and prisons (1952-1953). Statistical information permitted [us] to establish the number of Americans who are "state criminals" held in MVD camps during the period December 1952- August 1953. Thus, 329 US criminals were detained in the MVD's Mineral Camp in December 1952; of those subject to release in 1952 - 0, in 1954 - 3, in 1955 - 5, and in the following years - 321. Additionally, it is indicated that there are no US foreign nationals included in the number of prisoners. [TFR 46-2]
